## About the Author

Born in Bloomsburg, Pennsylvania, Jon Jeffrey Waples is the older of two children. He spent the majority of his childhood in East Greenwich, Rhode Island where his parents still reside today.

In 1988, he received a Bachelor of Science Degree with High Distinction in Electrical Engineering from Worcester Polytechnic Institute. After three years at Westinghouse Electric Corporation in Baltimore, he pursued a degree of Master of Business Administration from the University of North Carolina at Chapel Hill, which he received in 1993.

For the majority of his career, Mr. Waples has served in a variety of powertrain related research and development positions in the automotive industry including a seven year stint with Ford Motor Company.

Mr. Waples is a frequent contributor of technical articles for the Rolls-Royce Owners' Club periodicals *Modern Lady* and *International Lady*. He also sits on the Boards of Directors for both the Modern Car Society and the Motor Region of the Rolls-Royce Owners' Club.

He lives in Detroit with his partner Garry and Labrador Retrievers Dave and Katie. His stable of interesting cars is currently limited to two: a 1973 Rolls-Royce Silver Shadow and a 1939 Rolls-Royce Wraith Limousine by Park Ward.
